

eurofresh Series

Stores freshness. Smartly, durably.

Euro Fresh series is one of the highly established & successful european products, now introduced in India. It has good reinforced designs for higher strength and stackability. The durable features makes it sturdy and allows more carrying capacity and much greater service life. Over its life cycle, the product shall bring enormous savings.

Features & Benefits

- Rounded top corners, higher strength & no corner cracks
- Robust handgrip – easy to carry
- Extra reinforced concaved base – makes crate ideal for rough handling & avoids bulging in the bottom
- Smooth inside wall – prevents skin damage of goods
- Sturdy ribs on all 4 walls arrest bulging
- Made of food grade polymer compound
- Perforated walls – for better air circulation
- UV Stabilised material – prevents colour fading
- Extra ribs on outside 4 corners – provide additional corner strength & stackability

Applications

- Fruit & Vegetables
- Food Processing / Cold Chain
- Ice- Cream
- Dairy Products & other industries

Comparative feature chart

Features	SAT	Competitors
